Subscription Year Starts 1st May. Annual Fees must be paid by 30th April. Persons joining part way through a year will pay a fee based on how many months of that year remain rounded to the nearest $\frac{1}{12}$ of the full Fee. **The only exception to this rule is for persons joining in May who should pay the full fee; this prevents existing members being penalised for paying their subscriptions on time.** Anyone joining in April simply pays the full fee for the forthcoming year thereby getting 13months tennis for the price of 12.

Fees – Season 2010/2011 – Based on joining month & rounded to nearest £.
